

Suggestions of ways your unit can participate:

1. Drive Through

- a. Set up in the parking lot with tents and trailers. Allow for drive up and to donate food. Have a Scout standing at the store entrance to explain how to make a food donation.

2. Neighborhood Porch Pick-ups

- a. Place promotional door hangers the week prior to the collection date, February 6th, then on February 13th Scouts will fan out to collect the donations

3. Chartered Organization Box Placements

- a. Place a well decorated box(es) at your units Charter Organization to collect food

4. Front-Yard Food Drive

- a. Instead of Scouts going door to door to collect food donations, this food drive flips the script. Encourage Scouts to have prospective donors to bring canned items directly to their front yards with a tub label food donations.

5. Storefront Donation locations

- a. Have Scouts sit at the store front location to promote when customers enter the store and to collect when customers exit the store.
